Jovana Marčeta

Junior Frontend developer

Bachelor's degree recipient with a background in Frontend web development. Skilled in developing responsive and maintainable websites. Dedicated, positive, and hardworking individual, who always strives to achieve the highest standard possible, at any given task.

WORK EXPERIENCE

Front-end Developer Intern PopArt Studio

09/2021 - 10/2021

Novi Sad

Achievements/Tasks

- Creating custom WordPress themes
- Advanced Custom Fields plugin
- Custom post types and taxonomies
- Custom WP queries
- HTML5, SCSS / CSS3, JavaScript
- Principles of Responsive web design
- Webpack

Front-end Developer Intern LibraFire

11/2020 - 01/2021

Novi Sad

Achievements/Tasks

- I used the same technologies as in the previous company. During the internship, I had different tasks for each month. The first two projects were multipage responsive websites. I built them using HTML, CSS, SASS, JavaScript, jQuery, Gulp. Last two weeks I had an opportunity to try a Gatsby framework on a single page website.
